THE DAILY SHORT STORY

Domestic Joan

By JANE OSBORN

"There isn't an earthly reason way you should go to work," proceeded Laura, the cliest of the hyse Dobson sisters. Laura was musical member of the family, and certainly can't find the in articlent—and Maude and i wouldn't listen to your contributing anything to the household expenses."

Joan said nothing, but went on

Joan said nothing, but went on sating breakfast with apparent composure.

Maude, the artistic member of the finilly, took up the protest, where Laura had left off. "You must to consider how it will sound contriders. What will people say then they hear that Maude Dobon has had to go to work in on seth, Jr., so her skill as a steno-ent, Jr., so her skill so described to the skill ski

Three Pudding Sauces

BERTHA E. SHAPLEIGH Of Columbia University

Hard Sauce

I tablespoons cream
13 teaspoon vanilla extract
Cierm butten horougally, add
sugar and cream wee. Add
cream a little at a time and
beat until the smoothness of
ict gream.

Mousseline Sav cnp powdered sup: Yolks 4 eggs

Few grains sait
1.1.1 teaspoon vinilla
1.1.1 cream, stiffly beated
feat egg you's until these add
sugar gradually and continue
beat's. Cook ever het water
until thick, runnee, and right
call cold. Foil in cream, sed
sait and van'tha.
Liquid Gauce
1 cup brown sugar
1.3 cup water
I tablespoon corn starch
1-4 cup cold water
1-4 cup butter

1.2 teaspoon vanilla
Boil sugar and water together
five minutes. Mix cornstarch
with the one-fourth cup cold
water, add to sugar and simmer
thirty minutes. Add butter, sait
and vanilla, and serve as soon
as butter is melted.
NOTE: If one does not have
cream, the whites of the eggs,
beaten until stiff may be added
It would be a good sauce, but
not "Mousseline," as that name

"Mousseline," as that name

With pomp and ceremony and in the presence of a large crowd which had gathered on the spur of the moment, Sheriff Yost broke the moonshine liquo rover the corner-stone and the on lookers joined in singing "How Dry I Am."

Local Coal Operators Asked to Aid in Movement for School of Mines in State.

A movement for the creation of a school of mines has been started by R. M. Lambie, chief of the State Bepartment of Mines, who has sent a letter to local coal operators call ing attention to the importance of West Virginia in the bitumlous coal industry and its lack of educational West, Virginia in the bitumlous coal industry and its lack of educational facilities. Although West Virginia ranks second in mineral production, it has only one school giving mining courses and no school of mines, while Alabama. Yahking eighteenth, has two schools of mines.

The statement to lead and communications of the statement to lead and communications of the statement to lead and communications. "I hope he's satisfied now," said the Wizard. But mind you he soon received a third letter.

But mind you he soon received a third letter.

"Ma's never satisfied. She says I've learned to findle so fast, sho bought me a saxaphone. Oh, do please send me a magical saxophone. I'll never learn to play this thing."

So a magical saxophone he got. But that wasn't the end.
Marty had a flitte and a hanjo and three kinds of drums and a cello and a bass yold and a harp before he was through asking fyr things, and each time the nice, kind wizard helped him.

"Mest Virginia is in great need of a school of mines to properly do in the science and art of min time in the science and art of min ing industry of this state on a more efficient basis.

"Competition is said to be the life of trade and to compete in any before he was through asking fyr things, and each time the nice, kind wizard helped him.

So a magical saxophone he got. But that wasn't the end. Marty had a flute and a hanjo and three kinds of drums and a cello and a bass viol and a harp before he was through asking for things, and each time the nice, kind wizard helped him.

At last came this letter:

"Dear Mr. Green Wizard, please send me a magical pine-orean." thorough knowledge of all phases of that business, and, while we have been fortunate in having the greatest deposits of quality coal known, we also have some of the worst conditions to contend with in coal mining. The problems of the future will be harder than those of today, as drift mining will soon be a thing of the past and all of our coal mining will oventually be shaft propositions. We know that, we will encounter these problems so why not lay the foundation now for the fulay the foundation now for the fu-

> West Virginia is just in its in-"West Wirginia is just in its in-fancy in coal mining. There has been mined in this state since 1863 a total of 1,277,978,457 short tons of coal up to and including the fiscal year ending June 20, 1920, and at that time it was estimated that the available coal yet remaining in this state was 159,814,662,527 short tons.

state was 159,814,662,527 short tons.

"West Virginia has at present a groater number of men attending evening mining schools than any other coal mining state, there being an average of 800 men per week. This teaining, plus the practical knowledge possessed by those attending these classes. Is making them much more efficient. The short course in coal mining given during the sumer at the University

Blackheaded **Pimples Quit**

Builds These Red-Blood Calls.

The shame of a blemished face!

bleed-cells! That is what you need when you see pimples staring at you in the mirror. Blackheaded pimples are worse! Reason is worse yet! You can try everything under the sun, you'll find only one answer, more cell-pawer in your bleed! The tremendous realls predicted by an increase in red-bloed-cells is one of the A. B. C's of modical science. Ned-cells mean clear, you with hield. That mean dear, rud-pure rich bloed. That mean dear, rud-pure rich bloed. They mean dear, rud-pure sich bloed. blackhasd pert, from bells, from exons and skin sruptions, from resumtiam impurities, from that tilted, exhausted, run-down feeling. Red-bloodcalls are the most imperitant thing in
the world to each of us. B. B. B. will
byild than for yes. S. B. B. has been
hawn then 1850, as one of the greatcast blood-builders, blood-cleaners and
rysism, strengthener ever preduced.
B. B. is sold at all drug stores in
two sissa. The larger size bettle is
the more economical.

S.S.S. makes you feel his yourself again

Virginia has also been of FEAST OF CHANUKAH TO might, nor by pawer p. These evening classes

of West Virginia

The enormous growth of coal mining in West Virginia with the limit of its possibilities yet unknown, and the ever increasing need of men scientifically trained in the science and art of mining, is such that West Virginia must have a school of mines where the mining men of tomorrow can be given a mining education in keeping with the needs of the state's greatest industry."

The Feast of Channkan, six how a nick that the polymera is and by other appropriate titles, or curs this year on next Priday, and to quench the larmy of reing the days and resorted to the such that West Virginia must have and in the House of God for eight days thereafter, starting from the subject peoples to see all subject peo

MORE women buy their wearing apparel here than in any other Fairmont store.

Men buy here as well as women because they know the place where women shop is the place for them to shop,

Men buy here with confidence that they are getting reliable quality at lowest consistent prices because their wives and mothers and sweethearts have set the ex-

We Know What Women Want

The many years we've been serving the women of the community have taught us exactly what they want.

Now-at Christmas time-the benefit of our experience is offered to men who want to please women with the right sort of gifts.

Our salespeople know just about every lady in Fairmont-know the things they prefer-know the things most suitable for them. They will help you men select things that will fit and wear well and become the

Furs, Lingerie--Things to Wear

The sensible gift is the gift a woman can wear. Take Furs, for instance, what under the sun, would better please a woman than a fur wrap or scarf.

Silk undergarments are always welcome: No woman ever has more of such pretty things than she wants.

Handkerchiefs, Blouses, Hosiery, Sweaters, Petticoats, Negligees, Hand Bags, Umbrellas, Kimonas—all come-under the head of sensible gifts every woman

Christmas Prices Are Lower

This store holds retail prices down and besides our lower REGULAR PRICES we are selling Coats, Suits Dresses and many other things at NOTABLE DUCTIONS, They would make wonderful gifts.

Open a Charge Account for Xmas

If cash is running a bit low why not establish a charge account with us now. Any responsible business man is very welcome to that accommodation.

- whatever you do-make it your business to buy your Christmas Gifts of things to wear for women who appreciate finer quality things (and what woman does not) from our bountiful assortments.
